

June 27, 2019

Hokko Chemical Industry Co., Ltd.

Dear Valued Customers,

Hokko Chemical Industry Co., Ltd. will be exhibiting at **"The 4th International Symposium on Process Chemistry -ISPC 2019"** being held at Kyoto, Japan from July 24(Wed.) ~ 26(Fri.).

Hokko Chemical Industry develops fine chemical products with "Grignard reaction" as key technology. We have a variety of phosphine ligands to be supplied / used for various coupling reactions, which will be introduced at our exhibition place.

We are also promoting proposal-based custom manufacturing activities utilizing our own technology, of which details will be also available at our stand.

We always welcome your visit to our stand.

< **The 4th International Symposium on Process Chemistry -ISPC 2019** >

Duration	July 24(Wed.) ~ 26(Fri.).2019
Place	Kyoto International Conference Center, Kyoto, Japan https://www.icckyo.or.jp/en/
Official website	The 4th International Symposium on Process Chemistry http://cdsympo.com/ispc2019/index.html
Our Exhibition place	No.40

Yours Sincerely,
