

October 2, 2019
Hokko Chemical Industry Co., Ltd.

Dear Valued Customers,

Hokko Chemical Industry Co., Ltd. will be exhibiting at "CPhI Worldwide 2019" being held at Frankfurt, Germany from November 5 (Tue.) ~ 7(Thu.).

Hokko Chemical Industry develops fine chemical products with "Grignard reaction" as key technology. We have a variety of phosphine ligands to be supplied / used for various coupling reactions, which will be introduced at our exhibition place.

We are also promoting proposal-based custom manufacturing activities utilizing our own technology, of which details will be also available at our stand.

We always welcome your visit to our stand.
